LIMOUSIN PRODUCTION SALE

**MAY 14, 1983 - AT THE RANCH
NEW BRAUNFELS, TEXAS**

BUYERS GUIDE TEXS Progeny Power '83

Fabulous Finish
Take your choice of the finest in Texs genetics! One transplant flush from any cow in the Texs herd.

The Proven Ones
4 Proven cows and heifers - among the finest we have ever raised. All have been flushed for transplant with good results. The cows have produced good calves. It's this kind that makes us say
"You can build a herd with a Texs Star."

The Herd Builders
A set of 11 yearling heifers with impeccable credentials.

The Shower of Future Stars
32 - fall heifers provide a broad selection of pedigree. Many combine the tried and true bulls and cows of our breed, while others provide exciting and promising outcross opportunities.

The Trio of Future Sires
3 of the very best from our fall calf crop - young bulls with true herd sire prospects.

The American Purebred Dispersal - Lots 57-71
We hate to see these great cows and heifers leave the ranch, but they are being crowded out by our embryo program. We think these are some of the finest Limousin females in the land.

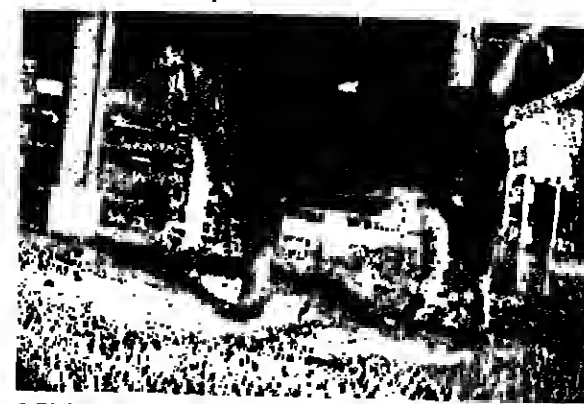

The Olympus Opportunity - Lots 53-56
Again, in an effort to share our genetics, we offer 4 Olympus embryos out of 4 of our very top Texs Star cows.

SALE TIME 1:00 P.M. - Lunch will be Served Prior to Sale

YOU ARE INVITED
To The "OPEN HOUSE" at the Sale Tent, Friday Afternoon from 4:30 P.M. until dark to view the sale offering and to enjoy some top South Texas Tamales and Beer.

Commodities Gained by Partic: Program Generating Many Plans to Enable Farmers to Proceed with Plans, Programs

Agricultural interests have been wracked by all kinds of doubts and fears of the USDA's Payments in Kind (PIK) program in being studied and projected as the effects of the program are being analyzed. Service industries connected with agriculture have expressed fears that reduction of acreage will curtail their already depressed business.

Every one from farm equipment makers and dealers have expressed fears that they will lose sales. The same complaints have come from makers and sellers of seed, fertilizer and other supplies expect deep reductions in farm purchases. On the other hand feeders of livestock and poultry have storm warnings flying about the higher feed costs that will affect their already troubled businesses. The American Egg Board, for example, recently met with Agriculture Secretary Block and expressed fears that their already depressed industry would suffer great losses and implored an Egg Industry Task Force to study the matter. This task force last week announced plans to try to get a national marketing order through amendment of the 1937 Agricultural Marketing Act. This move was something of a bomb shell since the egg producers have in the past been hard liners against any marketing order for that group.

Announcement that assignments of payments in kind by producers could be used to obtain financing was outlined in The Weekly Livestock Reporter issue of May 5 on Page 4B. For your convenience we reproduce this story in this week's paper on Page 13A. Since that time some makers of farm equipment have set up programs whereby farmers under the PIK program can assign their grain payments to purchase farm equipment, have been announced. The availability of ready cash was the grain in allocated has given rise to a wealth of ideas by firms doing business with farmers.

This week the Ralston Purina Company announced its version of how PIK participants can work with Purina dealers by assigning their PIK grain to obtain food and financing with their PIK entitlements. The Purina announcement follows:

St. Louis, May 11 - Farmers enrolled in the government's Payment-in-Kind program can now assign their entitlements to Ralston Purina Company in exchange for availability of immediate credit for the purchase of livestock feeds under the terms of a unique program announced here today. Purina is the first company to extend credit to farmers for feed grains they will receive from the government in the fall.

In making the announcement, W.M. "Duh" Jones, president, Agri-Products Group, said the main objective of this convenient offer is to provide farmers with benefits of the government's acreage set-aside program "now, when they need it."

"The plan, he explained, is to have participating local Purina dealers to arrange an assignment of their entitlement to Payment-in-Kind feed grains. Ralston Purina, in exchange, extends an immediate line of credit, enabling livestock producers to purchase the Purina products needed now for their operations.

"Quite simply, Purina's exchange plan allows farmers enrolled in the government's set-aside program to take the Payment-in-Kind grain they'll receive after harvest and, in effect, feed it to their livestock today," Jones explained.

Low Interest Rate
Financing will be at 10-1/2 percent, he continued. As a service to the farm community, we will offer the same rate. Under the plan, approved farmers would be extended a credit line equal to 85 percent of the established value of their PIK grains."

Upon settlement, Purina will send the farmer a check for the full amount of the PIK assignment, less any grain quality discounts, advances made for Purina product purchases, and accrued interest. The producer, Jones emphasized, will not be subject to any handling charges for this service.

"With PIK availability dates still (CONT. ON PAGE 12A)

Under present methods of manufacturing, only about 80 to 85 percent of a tree is suitable for lumber or wood penelling. What do you do with the waste wood that's left over? A new development called COM-PLY provides one answer. The COM-PLY process takes wood residue, sawdust and shavings between veneer and produces framing lumber (wall studs and floor joists) and panel products.

Dodge City, May 5 (USDA) — Trade slow. Feeder steers 1.00-2.00 lower. Feeder heifers 25-1.75 lower. Calf market not established. Increased supply of feeders offered this week, but most sellers out pricing available offerings in view of lower feeder market. Future prospects in native grass areas very good. Wool & Mohair

Denver, May 6 (USDA) — Domestic wool market moderately active at mostly steady prices. Moderate demand for most grades with slight increase in interest for woolen styles. In California shearing slow and behind schedule due to rain interruptions. In Utah/Colorado range flocks totaling near 100,000 pounds bulk 66s, some 68s and 69s sold from 50-56 cents grease FOB. In Wyoming near 125,000 pounds 66s sold at 60 cents and 50,000 pounds 66s at 64-66 cents grease FOB.

In Texas private treaty sales for 64s and 64 7/8s twelve month 5's set over \$1.00-1.10, few choice lots to \$1.15, average length and 60/62s from 75-85 cents, and farm flock 64s to 88s mostly 45-55 cents grease FOB warehouse. Sealed bid sale on eight month wool scheduled in Dai Rio on May 12.

Australian auctions mostly steady with the market indicator again at 400 cents per kilo. New Zealand auctions steady to firm.

Texas mohair quiet, small lot spring kid \$8.75 grease FOB warehouse. At the South African Auction on Tuesday 1 million pounds sold under good competition, adult 2-1/4 - 5% higher, young goat 5% higher, kid 2-1/4 - 7-1/4% lower.

THOSE WHO have failed can tell you what's wrong with everyone.

Letter To The Editor

Mr. Tod Gouldy
WEEKLY LIVESTOCK REPORTER
Box 7886
Ft. Worth, Texas 76111

Dear Mr. Gouldy:

Congratulations are in order for Gov. Mark White, Sen. Ted Lyon of Rockwall and Rep. Brad Agnich for their successful efforts in passage of the Texas Wildlife Conservation Act of 1983.

Not to be forgotten is Taxes for Wildlife Conservation, whose members include the more than 800 sportsman's clubs in Texas. The group was formed to promote passage of the act, which would not have been possible without their devotion and sacrifice of time and energy.

The act gives the Texas Parks and Wildlife Department statewide authority for wildlife management and eliminates locally specialized wildlife laws previously in effect in 118 Texas counties. The Texas Wildlife Conservation Act at last enables the Parks and Wildlife Department to manage our state's wildlife resources on a scientific basis statewide.

In my opinion, it is the most far reaching wildlife conservation legislation ever passed to the state.

Generations to come of outdoor on-

O'Brien Farms take pride in announcing our 10th Annual Production Sale. Few Limousin breeders have reached that milestone in this young breed of superior beef cattle in the U.S.A.

The number of successive sales we've held is not the most important thing but the hundreds of happy customers that the O'Brien cattle have pleased. For this we are proud and plan to continue the rapidly progressing program that will keep O'Brien Farms, a reputation herd, providing quality Limousin for the serious cattlemen.

three to five months down the road, farmers need help meeting their immediate cash flow requirements," Jones stated. "The Purina PIK Program will help producers get access to the financing they need to run their livestock operations today."

Purina will conduct the PIK exchange program through its network of nearly 6,000 independent dealers nationwide, with individual dealers assisting with arrangements between local farmers and the Company.

In handling these arrangements, Purina dealers will secure such information as the type, quality and quantity of feed grains involved in the entitlement, and the farmer's requested delivery point and settlement date. From the local Purina plant buyer, in turn, the dealer obtains price quotes. As soon as the producer accepts Purina's price bid, ownership of Purina

PIK Contract confirmation and assignment form, and clears a simplified credit check, he can begin purchasing Purina products against his credit line.

In PIK deficit areas without adequate Uniform Grain Storage Agreement (UGSA) warehouse facilities, applied for handlers' agreements to become entitlement delivery points.

Convenience, Reliability. "From the farmer's standpoint, our program offers some very significant benefits," Jones stressed. "Most importantly, by offering credit at highly favorable financing rates at a time when many producers are strapped for cash, the plan provides a convenient means of using PIK entitlements to finance today's production costs. As the same time, farmers can make a forward purchase agreement with Purina through its reliable dealer organization secure in the knowledge that they're doing business with one of the premiere companies serving the needs of U.S. agriculture."

Acknowledging that there are risks inherent in sponsoring an ambitious program of this nature, Jones said Ralston Purina has determined that the opportunity to provide a significant helping hand to farmers in their time of need for outweighed the downside risks. "We like to think our commitment to agriculture is as strong when times are bad as it is when the farm economy is bullish," he contended.

"We anticipate an enthusiastic reception for this forward purchase offer among existing and prospective customers alike," Jones concluded. "It is, we believe, convincing evidence of Purina's continued commitment to developing innovative programs that respond effectively to the needs of the farm community."

Panhandle Feedlots

Amarillo, May 8 (F-S) — Slaughter steers 1.50-2.00 lower, heifers 2.00-2.50 lower. This week's price downturn was the third consecutive week of lower prices. Trading ranged from moderate to fairly active throughout the week. This

A NEWLY-RICH Texan entered a Rolls Royce showroom and asked to see the most expensive car on the floor. After the salesman had made his low-key pitch, the Texan scratched his head and said, "Well, she's a mighty nice looking car, but what if she breaks down?"

The salesman drew himself up and replied haughtily, "My dear sir, a Rolls Royce never breaks down. It just fails to proceed."

labor market under which they can bid for work on a competitive basis and this could save taxpayers and the various Gov'ts involved billions of dollars.

Some serious studies have been made about this Prevailing Wage matter and they indicate that these laws are not only expensive, but discriminatory and while the unionists maintain they are

needed for job protection, it is noted that they severely limit the opportunities and the number of firms who can get started here.

What is apparently needed is enough quality people to stand up to congress and the legislative bodies and the people who are not interested in clearing out a lot of expensive and needless underbrush, rules, regulations and laws which no longer necessary and which day's conditions are a hindrance to the economy growth of the area.

Ever think, The Editor.

P.S. Uncle Dunk claims that the commodity markets are going to crash and that it's a matter of time before the dollar is no longer worth anything. Dunk says one of the most interesting developments since the In Kind, or Crop-Swap was introduced is how everyone seems to be trying to figure out how to cash in on this new gimmick. A lot of farmers and folks who depend on farmers as customers are over with more ideas than there is a hog's back, and some of 'em seem to have real promise! - The Brothers!

Grain Elevator Bankruptcy Bill

Grain elevator bankruptcy legislation supported by American Bankers Assn. (ABA) has been approved by the Senate Judiciary Committee. Approval of similar legislation by the House Judiciary Committee is being delayed until a bill dealing with bankruptcy court judges receives approval from the Senate Judiciary Committee. The Senate bill, S. 445, was introduced by Sen. Robert Dole (R-Kan.) and a grain elevator bankruptcy bill was passed by the Senate in the closing hours of the 97th Congress, but was not passed by the House. The need for such legislation became apparent after several bankruptcies of large grain elevators. Farmers who had stored grain in these elevators were unable to obtain their grain or payment until ownership of the grain could be established. S. 445 would increase the farmer's statutory right of reclamation under the Uniform Commercial Code from 10 to 20 days. The bankruptcy court would be able to void this right to reclamation, but would in that case give the farmer status as a secured lender. Such an approach does not interfere with warehouse receipts or with properly perfected security interests. ABA recognized the need for a solution to the problems faced by producers in the event of bankruptcy. ABA opposed the original terms of this bill, which would have provided a 60-day "secret lien" for unsecured farmers. S. 445 and its companion bill in the House, H.R. 1800 introduced by Rep. Michael E. Bryant (D-Ola.), are the result of extensive negotiations with state of the various senators and their committees and ABA plus a number of industry groups representing farmers. Both the bills also include consumer bankruptcy provisions supported by ABA.

with the American Brahman Breeders Association. The field day will take place on Saturday, June 18 in the Young County 4-H Barn at Graham, Freeman's Park.

Host Zach Burkett of Burkett Enterprises of Graham, TX will give the welcoming remarks and the introduction of the morning's emcee Bill Hall of the Texas Angus Association of Ft. Worth, TX. The morning program will be underway after registration at 9:00 a.m. on June 18.

At 10:00 a.m. Dr. Steve Hammack, Arcs Livestock Specialist, Texas Agricultural Extension Service, Stephenville, will discuss the complementarity of the Angus, Brahman, and Hereford breeds. Jim Williams of the V3 Ranch, Hungerford, will point out the selection process needed for the ideal commercial Brahman bull in a crossbreeding operation.

Prior to lunch, ABBA's Assistant Ex-

McKellar Ranch general manager Lockie Gary (left) visits with Carl Stephens of Houston (center) and Jimmy Horn of McLes, VA. Horn was the buyer of the second top female at \$22,500 and Stephens was one of the speakers at the McKellar Ranch seminar and sale May 8 and 7.

The afternoon program will begin with emcee Bruce Brandenberg, president-elect of the Texas Hereford Association. Brandenberg is the manager of the V Bar Hereford Ranch of Stanton. John Joyce of the Senberg Ranch, Boling, will speak on the guidelines for the ideal F1 program.

Jim Brown, president of the Texas Brahman Association, and author of articles on the small purebred breeder, will discuss the marketability of the F1 Brahman steers and heifers. Brown operates the River Oaks Brahman Ranch and is a F1 Brahman hybrid breeder. Ted Burkett of Archer City, TX will point out why feeders prefer F1's. Burkett is affiliated with the West Texas Feedyards.

A discussion of the Burkett Ranch F1 program by Brenda Rinker, Cattle Operations, Burkett Enterprises, will conclude the F1 field day program. The field day is open to all interested est-

ective Vice President Lee Pritchard will give a detailed report on the certification of F1 Brahman Hybrid Females Program and its tremendous growth since its beginnings in 1979. The program has laid the foundation for numerous F1 field days.

AMERICAN RED BRANGUS ASSOCIATION NEWS

Guerra Bros. Red Brangus Weekend Great Success

The consensus of the record breaking crowd, which gathered here recently to celebrate the Guerra Bros. Royal Flush Red Brangus Seminar and Sale, was that the weekend was very educational and most productive. As stated by Dr. Randall Grooms, the Master of Ceremonies, "this was indeed a milestone weekend in the history of Red Brangus."

The two top selling animals both shattered previous World Records, a one-tenth (1/10) undivided semen interest in the 6/8 Brilmon Geronimo Herd Sire sold to the Flying C Ranch of Killen, Texas for \$13,000, establishing a new

record of \$130,000 for a Red Brangus Bull sold at public auction. Flying C, owned by Mark Connell, went on to be Volume Buyer and set another World Record when they purchased two undivided one-tenth (1/10) interests in an EXTRA daughter for \$13,000 establishing a \$35,000 value on this growthy first calf heifer. A one-tenth (1/10) interest in the Great EXTRA Bull was sold at private treaty during this festive weekend to Jay and Laura Hastedt and Dr. Franklin and Bonnie

House for \$60,000, placing a new World Record Value of \$600,000 on this Performance Leader.

The second top selling Bull was a one-tenth (1/10) semen interest in the Lot 0 Herd Bull selling for \$5,000 to Oakway Farms of Cameron, Texas; the third top selling Bull was Lot 13, a son of the record breaking Geronimo, selling to Dr. Juan Cuellar of San Antonio, Texas -- half-interest for \$3,900; the fourth high selling bull was purchased by Gary Toothaker of McAllen, Texas -- half-interest for \$3,400 in the bull named Tall Boy, who is the grandson of the Tres Coronas Bull. The top selling 3/4 Brahman Bull sold for \$3,000 to Mr. and

Mrs. Basil Twist of Paso Robles, California.

The team of Rush, Shelby and Banks, of Pittsburg, Texas and Tioga, Louisiana teamed up to purchase the two top selling pick of the litters lots. Lot 7 -- 1/2 interest in the pick of the litter of 222/2 X EXTRA for \$5,000 and in Lot 2 -- 1/2 interest in the pick of the litter of the Amazon 34-50 Cow X EXTRA, for \$4,500. The third top selling Embryo Lot was the pick of the recipient Cow and 1/2 interest in her embryo calf out of "the Queen" X EXTRA selling for \$4,100 to Flat O Cattle Company of Port Aransas, Texas.

Flying C Ranch purchased 20% of the

ing heifer, an own daughter of Geronimo for \$5,500.

Pairs were in much demand with the team of Rush, Banks, and Shelby purchasing the second top selling pair for \$6,500. Flying C Ranch purchased the third top selling pair, Lot 00, for \$7,000 and also the fourth top selling pair, a 7/8 daughter, for \$8,200.

Sale results include 26.7 bulls grossing \$65,770 for a \$2,463 average; 28.5 pairs averaged \$3,547; 11 heifers averaged \$2,373; 18 bred cows averaged \$2,117; 2.4 donor lots averaged \$16,458; totaling the female total and average to \$4.9 lots grossing \$194,225 for a \$3,602 female average. The gross sales totaled \$259,995 on 81.6 lots to average \$3,170.

Volume buyers include cattlemen from the states of California, Missouri,

Red Brangus Sale Of The Rockies '83

Buyers from eight states braved a late spring Rocky Mountain snow storm over Easter weekend to attend the first Sale of the Rockies '83, hosted by North Fork Land & Cattle Company of Hartsburg, Colorado.

"Even with the bad weather, we still had a good sale," Jech Marwood, owner of North Fork stated. "The acceptance of the Red Brangus breed was fantastic with many repeat buyers from last year. This proves to us that the 'big red mulays' perform well in the northern climates."

Marwood stated two year old bulls averaged \$1818, higher than the \$1595 overall average of bulls, and 78 heifers averaged slightly over \$1100.

Volume buyer was Robert Dody of Maestor, Kansas followed by Roger Joseph of Valaetna, Nebraska. Other states receiving cattle from the Sale of the Rockies are New Mexico, Texas, Louisiana, Colorado, Wyoming and Utah.

Red Brangus Top Sale In Missouri

Red Brangus bulls remain in demand as evidenced by the sale results at McLean Raehes' recent Farmers & Ranchers Bull Sale held April 9 at Willard, Missouri.

Fifteen commercial Red Brangus

bulls sold for an average of \$1880 and 9 F-1 Red Brangus bulls brought an average of \$1870. Buyers from Missouri, Tennessee, Nebraska, Kansas and Texas purchased Red Brangus bulls to take home. McLean's Farmers & Ranchers Bull Sale is a commercial range bull sale held twice a year.

West Kansas Feedlots

Dodge City, May 6 (USDA) — Slaughter steers 1.50 lower, instances 2.00 off; slaughter heifers not well established late this week or late last week, few sales near 2.00 lower. Slaughter steers weighing less than 1050 lbs. and heifers under 950 lbs. very difficult to sell. Sharp declines in the "futures" trade and subsequently a lower dressed beef market slowed trade and packers continued to operate with less than normal inventories due to the declining market. The average weight of cattle marketed continued below normal with only 3,400 slaughter steers expected to weigh over 1125 lbs. and 1,700 heifers expected to weigh over 975 lbs. this week. Feedlots remained current with few cattle being carried into next week. Steers 2-3 1025-1200 lbs. mostly 1050-1125 lbs. 68.50-70.00. Late 68.50-69.00, choice with end good 67.25-69.00, late 67.50-68.00; mixed good and choice 67.00-67.25; mixed good and choice 1150-1300 lb. Holsteins 68.00-69.00, few early 60.00. Heifers 10,200; throughout the period, choice 2-3 925-1100 lbs. mostly 950-975 lbs. 65.50-67.00, late 65.50-66.00, few 925-935 lbs. late 64.50; choice with end good 64.00-67.00. Wednesday 64.00-65.50, not tested after Wednesday; few mixed commercial to choice heifers and heiferettes 950-1025 lbs. 61.00-62.00.

Hay King

Round Bale Equipment

K&M Mfg. Co., Inc. is manufacturing HAY KING round bale equip-
ment. Making a two-lift bale wagon that mechanically drops one
bale at a time. The neck type and bumper pull will dump all types of
bales. Bales fall in normal position when dumped. These wagons
are easy to load because they load from the end and bales are
credited deep. These wagons are built to carry the heavy bales that
the balers will be making.
